04/19/1999	Toyota Motor Sales, USA, Inc.	Manufacturer Safety recall issued - NHTSA #99E012 - Recall #X03 1998 AND 1999 MY LAND CRUISER TRAILER TOWING WIRE HARNESS CONVERTER REPLACEMENT AND RELOCATION. - Status: Remedy Available
------------	-------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Locate an authorized Toyota dealer near you to schedule an appointment

 [Learn more about this recall](#)

Description: Towing hitch kits and aftermarket trailer towing wire harness converters for use on 1998-1999 Lexus LX470, and Toyota Land Cruisers. Due to inadequate waterproofing performance and improper installation location of the converter, which is mounted on the exterior of the vehicle, an electrical short circuit could occur if water enters the converter housing.

The short circuit can cause a failure of the converter, and if a trailer is being towed at the time, can also cause failure of the trailer lights.

Remedy: Dealers will replace the converter.

Glossary

Failed Emissions Inspection

The emissions check performed during a vehicle inspection indicated the vehicle was emitting more than allowable emissions standards and/or had missing or modified parts. Repeated failed emissions records can indicate engine problems and CARFAX recommends you have the vehicle inspected.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.

Toyota Recall / Service Campaign

Portions of this report have been included under license from Toyota Motor North America, Inc. ("TOYOTA"), License Agreement TMS1013 . This data applies only to vehicle marketed or originally sold in Mexico and the United States of America, including Guam, Saipan, American Samoa, Puerto Rico, the U.S. Virgin Islands and the other United States territories and protectorates with currently open safety or emissions recalls, or service campaigns. While TOYOTA provides data to Carfax Inc. on a regular basis, this report may not include very recent activity. For the manufacturer's most current information on recall/campaign activity for any Toyota, Lexus or Scion brand vehicle, you must go to <http://toyota.com/recall> or <http://lexus.com/recall>.
