**Manufacturer Service Campaign issued**  
- Campaign #P7318 TTN FNR XTR ACU MULTI TSB  
- Status: Remedy Available

Locate an authorized Nissan dealer near you to obtain more information about this campaign

[Learn more about this campaign](#)

**Description:** The current Air Bag Control Unit (ACU) rollover-sensing calibration logic could allow for unintended curtain air bag deployment in rare instances occurring under certain unique driving scenarios, usually involving unpaved roads or off-road where one side of the vehicle is higher than the other.

Failure to have the ACU reprogrammed in a timely manner could result in unintended rollover curtain air bag deployment. Customers should avoid driving off-road until the ACU software can be updated in their vehicle.

**Remedy:** Nissan is conducting a Voluntary Service Campaign to reprogram the ACU in 2004-2014 Titan, 2005-2014 Frontier, and 2005-2014 Xterra vehicles. Nissan authorized dealers will reprogram the ACU with updated software. The ACU reprogramming will improve rollover-sensing calibration to address certain unique driving scenarios, and help prevent unintended rollover curtain air bag deployment, while maintaining the design intent for deployment in rollover crashes. This service, which is conducted at no charge to you for parts and labor, should take approximately two (2) hours to complete. However, your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

Locate an authorized Nissan dealer near you to obtain more information about this recall

 **Learn more about this recall**

**Description:** THE RESIN EMBLEM ON THE DRIVER S AIRBAG MODULE COVER IN AFFECTED VEHICLES MAY HAVE REDUCED DURABILITY DUE TO POTENTIAL SUPPLIER PRODUCTION PROCESS VARIATION. IN THIS CONDITION, OVER TIME THE POSTS OF THE EMBLEM MAY DEVELOP CRACKS, AND THE EMBLEM AND RETAINER COMPONENTS COULD DETACH IN THE EVENT OF AN AIRBAG DEPLOYMENT.

A DETACHED EMBLEM AND/OR RETAINER COMPONENT MAY BECOME A PROJECTILE DURING AN AIRBAG DEPLOYMENT, INCREASING THE RISK OF INJURY TO VEHICLE OCCUPANTS.

**Remedy:** Dealers will inspect and, if necessary, replace the Driver Airbag Cover.

## Glossary

### Damage Indicator

Damage can be a result of many different types of events. Examples include contact with objects (other cars, trees, traffic signs, road debris, etc), vandalism, or weather-related events. Not every damage event is reported to CARFAX. As details about the damage event become available, those additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have this vehicle inspected by a qualified mechanic.

- This CARFAX Vehicle History Report is based only on information supplied to CARFAX and available as of 4/21/25 at 11:00:09 AM (CDT). Other information about this vehicle, including problems, may not have been reported to CARFAX. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car.

### Damage Severity

Damage events result in one of the following severity levels:

- Minor: Generally, minor damage is cosmetic (including dents or scratches), may only require reconditioning, and typically does not compromise a vehicle's operation and/or safety.
- Moderate: Moderate damage may affect multiple components of the vehicle and may impair the vehicle's operation and/or safety.
- Severe: Severe damage usually affects multiple components of the vehicle and is likely to compromise the vehicle's operation and/or safety.

CARFAX recommends getting a pre-purchase inspection at a certified collision repair facility.

### First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

### Lease

When someone leases a car from a dealer, the dealer actually sells the vehicle to a leasing company. The leasing company then collects payments for the vehicle from the new owner for 24, 36, 48 or more months. A leasing company can be an independent car dealer or a car manufacturer.

### Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

### New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

### Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

### Service Campaign

Automobile manufacturers issue a service campaign to address product technical issues that may not be related to safety or emissions standards. These issues are typically customer satisfaction initiatives.

### Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
