Description: Federal Motor Vehicle Safety Standard ("FMVSS") 571.126 S5.3 ESC Malfunction requires that "The vehicle must be equipped with a telltale that provides a warning to the driver of the occurrence of one or more malfunctions that affect the generation or transmission of control or response signals in the vehicle's electronic stability control system." Suspect vehicles may not display the ESC malfunction indicator lamp under certain malfunction conditions that affect the generation or transmission of control or response signals in the vehicle's electronic stability system, leaving the driver unaware. Unexpected performance of the ESC system with no warning to the driver can cause a vehicle crash without prior warning.

Remedy: FCA US will conduct a voluntary safety recall on all affected vehicles to update the ABS control module software.

Description: FCA US will conduct a voluntary safety recall on all affected vehicles to inspect the tailgate striker alignment to the box latch and adjust if necessary.

An unintended tailgate opening while driving may result in a loss of unsecured cargo, potentially creating a road hazard to operators and occupants of other vehicles and can cause such vehicles to crash without prior warning.

Remedy: FCA US will conduct a voluntary safety recall on all affected vehicles to inspect the tailgate striker alignment to the box latch and adjust if necessary.

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Manufacturer Recall

Automobile manufacturers issue recall notices to inform vehicle owners of a safety defect or failure to meet minimum federal safety or emissions standards. Manufacturer recalls are repaired at no cost to the customer.

New Owner Reported

When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
